

After School Child Care

KEEPS HOMEWORK POLICY

KEEPS schedules a supervised homework session Mondays through Thursdays. The homework session begins at least 1/2 hour after the children arrive at our center and lasts for 1 hour.

KEEPS staff will remind children when homework time is beginning, but **it is each child's responsibility to gather his/her material and report to the homework area.** Staff will not check back packs or folders to see if children have homework. It is our goal to work as a team – children, parents and staff – to support your child's homework needs.

Staff will help children understand the directions for assignments, guide them to get started and check on them periodically. Staff will not tutor, provide answers, or do a final check on all answers. We ask parents to review your child's homework each evening so that you are aware of your child's assignments and any problems your child may be having in completing them.

Please complete the form below indicating your child's homework plan. We will do our best to meet your wishes.
